

# Gregory P. Nichols

MPH, CPH, CMQ/OE, ASP

AI Governance & Emerging Technology Strategist | Public Health & National Security

---

Gregory P. Nichols helps leaders and institutions govern at the speed of innovation. Drawing on a career spanning public health, national security, and emerging technology risk, he equips decision-makers with the frameworks and foresight needed to navigate disruption before it outpaces the systems meant to manage it.

## CREDENTIALS AT A GLANCE

- Operations Manager at ORAU, overseeing DOE worker health programs including the Beryllium-Associated Worker Registry, with leadership roles on the Beryllium Health and Safety Committee and Energy Facility Contractor Group
- Editor-in-Chief, DoD Information Analysis Center Journals; authored 100+ technical reports, 3 state-of-the-art reports, and multiple peer-reviewed publications
- Published research and analysis featured by Springer, Health Affairs, and the Homeland Defense & Security Information Analysis Center (HDIAC)
- M.P.H., Health Planning and Administration, University of Tennessee | B.A. Philosophy, University of Tennessee | U.S. Navy veteran (Hospital Corpsman)

## SIGNATURE TALKS

### **Responding to a Faster Future: The Sustainable Safety and Security (S3) Framework**

*Delivered as a Spark Talk at the 2026 ORAU Annual Meeting of the Council of Sponsoring Institutions — a new framework for keeping safety and security systems viable as change accelerates.*

### **Illicit Weapons Production: Assessing Gaps in Additive Manufacturing Security**

*Presented at the International Conference on Advanced Manufacturing 2023 — examining where 3D printing has outpaced the security frameworks meant to govern it.*

### **Nanotechnology and Society: Philosophical, Religious, and Cultural Aspects**

*A Homeland Defense & Security Information Analysis Center session exploring how emerging technology reshapes cultural and ethical understanding.*

## RECENT RECOGNITION

- Featured guest, Further Together: The ORAU Podcast — “Information Hazards of the AI and Biotechnology Convergence” (2026)
- Energy Facility Contractor Group (EFCOG) Teamwork Award (2026)
- Certificate of Appreciation, U.S. Department of Energy (2026)
